and what have you

by BOB CRAIG

There isn't any question but what the whole town is ready to take their hats off to the Ex-Student officers and the others who worked so hard to make this past week end's homecoming a most successful event.

The parade was one of the finest witnessed by this writer in a long time. I don't know whose idea it was for the parade to reverse itself and come back up the street but let me thank them. It sure did help in trying to take pictures since I got two chances at it. It also gives the spectators an opportunity to see both sides of the floats, which I am sure was what it was intended to do.

Even the weather cooperated, it was as fine a day for such an event as you could ask for. (Someone said Saturday that how lucky you can get, when it cleared off so pretty and I told them that after all of the work that Mrs. Jo Riddle had put into this affair that it wouldn't dare rain.)

I doubt that many of the exes got to do much visiting during the football game. Sometimes during a Homecoming game you can look around and nine-tenths of the people won't be watching, but will be visiting with each other. But you didn't see many that took their eyes off of the field for very long Saturday night.

I think that we could have a real fine season this fall if everyone will cooperate with the coaches and not tell the boys that they are not supposed to win this game or that game. It seems that everybody but the team knew that they could not win last Saturday and I sure was glad that they didn't find out before the game was over.

For a bunch of boys who had every right to give up by the middle of the second quarter, that was one of the finest team efforts and determination I have ever seen. It is amazing how much lack of talent and size you can make up for with enough determination.

Win or lose, it is a real pleasure to watch boys who you know are doing the best they know how to do.

Sunday is the big day for Hamlin and other towns in this area as the people have the opportunity to wipe out Polio with the oral vaccine to be administered here that afternoon.

Whether you have already had the polio shots or not you should take this oral vaccine for two reasons—one is that the oral vaccine will make you immune to all types of polio and the other is that with the polio shots you can still be a carrier and give polio to someone else and with the oral vaccine you cannot become a carrier.

The second reason should be reason enough for the older people who normally are not considered so much in danger of having polio, to take their dose Sunday afternoon.

There seems to be some misunderstanding among a few people in that they do not want to take part in the mass drive because they do not want to accept charity. This should not be considered charity because everyone who can afford to is being asked to donate 25c to help pay the expenses of this drive.

The reason for this type of drive has nothing to do with money, but is administered this way because of the nature of the vaccine and also it is felt that more people will take their doses when they all take the three doses at the same time. With everyone taking it at the same time there is less likelihood of forgetting when the next dose is due.

With several cases of polio in this area just recently it should not take much persuasion to get everyone out for the vaccine Sunday.

Remember, if everyone takes the vaccine we can eliminate polio as a threat. Although you may think that there isn't much danger of you getting polio, keep in mind that you could give it to some youngster without your ever having it yourself.

I would like to welcome the

P-T-A Meeting Re-Set Tonight

The opening meeting of the Hamlin Parent-Teacher Association originally set for last Thursday has been rescheduled for tonight (Thursday) at 7:30 in the Primary Cafeteria. At this time, members of the Hamlin school faculty will be honored at a reception.

STOP POLIO: TAKE YOUR VACCINE SUN.

Sunday can be one of the most important days in the history of Hamlin if the local people will turn out for the mass oral vaccine to be held in the High School Gymnasium from 1 until 7 p.m., according to Mrs. Rudy Hamric, program co-ordinator for Hamlin.

If everyone will take this first dose of vaccine Sunday and the two following doses to be given later this year the threat of this crippling disease can be eliminated.

The drive here will be held in conjunction with similar drives in other towns in this area. The residents of McCaulley and other surrounding communities have been invited to take part in Hamlin's drive.

Although several of the other towns in the area are using advance registration it has been decided to forego this here and all of the registration with the exception of the parent's permission slips will be handled at the time the vaccine is administered, according to James Rodgers and Robert Fowler, who are in charge of the records.

All children under 18 must have written consent from their parents before they can be given the vaccine.

The odorless, tasteless vaccine will be administered in paper cups.

This first dose to be given Sunday will be Type I with Type III to be given Oct. 28 and Type II on Dec. 9.

According to Doctor M. L. Smith, for the vaccine to completely eliminate the dangers of polio all three doses must be taken as each dose works on a different type of the disease. He also urged that everyone take the vaccine regardless of whether they have had the Salk shots or not. The Salk shots prevent paralytic polio while the oral vaccine prevents all forms of polio.

Those desiring free transportation to the gym may call SP 4-1472.

While the vaccine will be given free it has been requested that those able to, may give a donation to help cover the costs of the vaccine.

Arrangements have been made for a bus to come from the Negro section of town at regular intervals. I. J. Starr, principal of the Oscar DePriest School is handling arrangements of this operation.

NEINDA PHILOSOPHER TRIES TO RELIEVE EXPERT'S WORRY OVER WHAT HE'D DO WITH A TAX CUT

Editor's note: The Neinda Philosopher on his Johnson grass farm en route one tries to reassure a Washington expert this week, his letter reveals.

Dear editor:

The difference between an expert and an ordinary man sometimes can be found in the kind of problems that bother them.

For example, I was reading in a newspaper last night dur-

ing a television re-run which I wasn't interested in the first time that an economics expert in Washington was debating whether a tax cut should be made this year.

Now the phase of the question that was bothering him was not whether the government could afford it but what would the people do with a tax cut. I mean, he said, that if the people took the tax out and spent it, that'd be fine, it

SCHOOL NURSES ASK FOR IMMUNIZATION RECORDS

Three nurses serving the schools of Jones County this week issued a statement asking that children bring certificates of immunization to their respective school so that this information may be entered on the record.

The appeal was signed by Mrs. Liz Markham, school nurse at Stamford; Mrs. Erma Wallace, Hamlin school nurse, and Mrs. Mary Ruth Fitzgerald, nurse for Jones County Public Schools Cooperative which includes Avoca, Lueders, Hawley, Noodle and Anson Elementary.

The statement follows:

"It is imperative that you send through the teacher to the school nurse whatever certificates of immunizations a-

gainst small pox, diphtheria, tetanus and whooping cough and all types of polio that your school child has.

"We cannot safely take the child's word for these as the records are used as individual teaching instruments and at times become the only records available. A copy of the certificate will be made upon the Permanent School Health Record.

"Our job is to promote a desire for better healthful living; that the child may enjoy the greatest numbers of days possible in school. Our efforts must be directed toward the child and parents whose understanding of things of this nature are questionable and they are found through the blank record cards.

It is true that none of us are perfect, but if we study God's word and strive to follow God's will, He will be satisfied with us.

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Pipers Upset Rotan, 12-10

The Pied Pipers opened their 1962 football season on an unexpected note as they upset the top ranked Class A team, the Rotan Yellowhammers, 12-10, here Saturday night before a capacity Homecoming crowd.

The smaller Piper eleven hung on for the nine count during the first quarter and a half to come from behind and wear down the opposition with determination. In defeating the Yellowhammers, the small, inexperienced Pipers performed a feat that some of the best of the Hamlin elevens have failed to do—they won the homecoming game.

The first quarter was played in the Hamlin end of the field as the Yellowhammers overcame several penalties to score late in the first period. The fine throwing arm of their quarterback, Steve Herron, provided the needed push for their scoring drive.

The big bruising center of the Rotan line completely throttled the smaller Piper backs as they held Hamlin to no gain on the ground or in the air for the first quarter.

Midway in the second quarter the Pipers stalled a Rotan drive and Bill Ashten kicked a 30 yard field goal to put the Yellowhammers ahead, 10-0.

Following the field goal the Pipers came to life and mounted a 67 yard scoring drive that took only 10 plays to reach pay dirt. Quarterback Van Newberry dived in for the score from the one yard line. The extra point try was blocked and the Pipers trailed, 10-6.

Neither team could mount a sustained drive in the third period. Early in the fourth period, in what turned out to be the turning point of the game, the Rotan crew tried for a first down from their own 33 and Barry Moore crashed the center of the line to bring Herron down for a yard loss on the Rotan 32. The Pipers gained 32 yards the hard way as twice they were facing fourth down situations, one fourth and 13

OLD GLORY...

SCHOOL
The Old Glory School ran very smoothly the first week. They observed Labor Day holiday and returned to classes Tuesday. The students felt the almost unbearable heat but struggled through. The little showers were much welcomed and we hope for more little rains until time for a norther. Actually the farmers need much rain in order to replenish stock water.
In the absence of Mr. and Mrs. Pritchard Thursday our substitute teachers were Mr. Eddie Mathews and Miss Clarice Leverett.
Classes were organized the first week of school and sponsors selected. The sponsors are as follows: 7th and 8th, Mrs. Leverett, Freshmen, Mr. Jerry Johnston; Sophomore, Mr. Dalton Gill; Junior, Mrs. Maxine Klump; and Seniors, Mr. Tom Pritchard.
The Sophomore class got the jump on all other classes by opening their magazine sales last week. Carolyn Sander won first prize with largest sales

Friday. Their selling will continue through another week-end. If you would like to help the group, contact Mr. Gill or one of the class members if they fail to contact you. Your support is appreciated.
The senior class will soon be selling all-occasion cards, stationery and Christmas Cards. They will appreciate your support in this project.
COLLEGE BOUND
Students from the Old Glory community will be leaving within the next few days if they have not already done so for colleges at various parts of Texas and the nation. They include classification from the lowly Freshmen through graduate students.
Misses Judy Garner and Donnice Sawyers will go to Lubbock Christian College at Lubbock.
Also going to Lubbock to Texas Technological College is Tommy Letz.
Miss Irene Vargas will attend a Business College near the school where her sister, Maria Vargas, teaches Home Economics.
Miss Martha Neumann will be a Junior student at Seguin Lutheran College.
Attending nearby San Marcos will be Helen Diers where she will be a sophomore student having attended Concordia College at Austin last year.
Going the greatest distance from home will be Florence Erdman who will be a senior student at Concordia's Teacher's College at Seward, Nebraska.
Sandy Leverett will enroll at John Tarlton College at Stephenville.
A number of students will be found at the various colleges and business schools at Abilene. Clarice Leverett will be a senior student at Abilene Christian College where she is an Elementary major. Eddie Mathews plans to commute to ACC where he will be enrolled in graduate work.
Also enrolled in graduate work will be Larry Letz at Hardin - Simmons University. He received his BS degree in August.

We would like to congratulate Dalton Gill who received his degree from Sul Ross College at Alpine in August. His major was math. Our Science teacher, Jerry Johnston, also received an August degree from Hardin-Simmons University.

West Texas is still one place that the weather is unpredictable, and it goes from one extreme to another. August was so dry and hot and now this Monday morning almost ten inches of rain have fallen the past week and an early morning reading of 51 degrees was recorded. The skies are cloudy and looks as if more rain might fall, even if the weather man does say it should clear up.
The farmers are jubilant over the low temperatures, as they have been told that a bill worm cannot survive in cold weather. But the old bill weevil is another thing. You can freeze him, heat him, poison him, and he still survives, it seems about the only way to kill them is burn or take a hammer and mash him. We are just hoping that they won't have time to do any harm and if not, some of the young cotton looks promising for a bale an acre, but there is always that big IF.
The Jones County Fair was held in Anson as scheduled, despite the pouring rain. Saturday the sun came out and a fair crowd attended; although the rain had cut the entries to a minimum and there wasn't much to see. For a while it was discussed cancelling it until later, but since so many things were involved, they went ahead and did the best they could.
Gloria Jenkins of Hamlin was crowned queen of the Fair. She is the daughter of Mr. and Mrs. Ernest Jenkins, of Hamlin, and a grand daughter of Mrs. O. L. Jenkins, pioneer resident of our community.
We people out this way are also proud of the crowning Saturday night of Mrs. Robert Fowler, as Homecoming Queen, of the ex-students. Mrs. Fowler is the former Marjorie Riddle, daughter of Mr. and Mrs. Ralph Riddle and a resident of this community until her marriage to Mr. Fowler.
Attendance was up at church Sunday night after having been down Sunday morning. Mrs. Susie Shelton visited again Sunday night. She is the pastor's aunt and lives in Abilene.
It has been learned that Mrs. Harold Valliant was returned to her home Friday, from the Anson Hospital, where she had been for two weeks, after having had major surgery.
Mr. and Mrs. Emmet Thacker, owner and operators of the Plainview store, took a vacation last week, visiting relatives in Lubbock and other places.
Mr. and Mrs. Flavil Holmes visited Mr. and Mrs. R. Bond Saturday night.

Mr. Winifred (Sonny) Joiner of San Antonio and sister, Mrs. Henry Kee of Lubbock, were here for the Homecoming and visited with their brother, Mr. and Mrs. Elmer Joiner.
Penny Ford was a contestant for the High School Queen, at the Homecoming. Of course all of us out this way would have been in favor of her winning, but some one has to lose, so better luck next time, Penny.
Several from out this way braved the rain and mud to attend the Fair in Anson. For all these that brought exhibits and attended, the Fair officials were truly grateful, as the weather was so disagreeable.
Woodrow Goodwin went back to Lubbock last weekend to barber school. He is planning on trying to finish his hours before the cotton crop has to be harvested or as many of them as he can get in.
This reporter is sure that there were many ex-residents of our community at the Home-

coming in Hamlin, but being tied up at the Fair, I failed to get any of it. It was a regrettable incident that the Fair and the Homecoming conflicted but it happened that way. It is hoped that the Fair can be held earlier next year, as they are planning, so it will not conflict with so many school activities.
New Type Sticker To be Used by Inspection Stations
AUSTIN—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced today a new-type of motor vehicle inspection sticker is now available for the new inspection year beginning September 1.
"The only thing new about the inspection this year is the sticker itself," he said. "This new sticker is a dry mount decal which we believe will adhere regardless of weather conditions and one which has been used very successfully in other states."
More than five million vehicles registered in the state are required by law to be inspected at one of the 5,000 official inspection stations be-

coming this date and April 16, 1963. Owners of vehicles not displaying the current inspection sticker after that date will be in violation of the law.
Garrison urged motorists to get their vehicles inspected as early as possible, and pointed out:
"With hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked in preparation for the winter months."
In announcing the new inspection period, the public safety director said the Vehicle

Award Winning 'Spartacus' Coming To Drive In

The epic motion picture "Spartacus," winner of four Academy Awards, has been booked into the Drive In Theatre, to open on Sunday.

"Spartacus" has been widely acclaimed for its unique blending of a tender, intimate love story set in a framework of eye-filling spectacle. The Technicolor production stars Kirk Douglas, Laurence Olivier, Jean Simmons, Charles Laughton, Peter Ustinov, John Gavin and Tony Curtis.

Based on the best-selling novel by Howard Fast, "Spartacus" is set against a background of Imperial Rome in the last century before the Christian era. Described by Time Magazine as "A new kind of movie with spiritual vitality and moral force," it depicts the story of man's eternal desire for freedom. Its love story, told in moving and individual terms, is interwoven with scenes of titanic struggle between Roman might and a rebel army of slaves under the leadership of the gladiator Spartacus.

fine, new Lee's Steak House to Hamlin, it is a nice asset to the city. If you haven't dropped by there yet, do so at your earliest opportunity.

Lee should be commended for his faith in Hamlin.

Also on the new scene is all of the work being done downtown by Frank Bayouth. Not only is he remodeling the front and side of his store but also is remodeling the building adjoining for the future home of White's Auto Store.

Both buildings will have new modern fronts.

The part that caused the most excitement around town was Tuesday when they tore out the sidewalk from the front of Frank's Department Store down to Barrow's Furniture Co. When this is replaced with all sidewalk it will be a real help to the appearance of downtown Hamlin.

Little by little Hamlin is taking on a new look—and this is great. It shows that the town is still progressing and a town that isn't progressing is going backwards.
